

UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF MICHIGAN
SOUTHERN DIVISION

UNITED STATES OF AMERICA,

Plaintiff,

Case No: 2:15-cr-20382

v.

Hon: Victoria A. Roberts

D-1 PAUL NICOLETTI

Defendant.

_____ /

STIPULATION AND ORDER MODIFYING CONDITIONS OF BOND

Through their respective counsel, the parties stipulate and agree that the conditions for bond for Defendant Paul Nicoletti shall be modified. As a condition of his bond, he is at this time not authorized to possess a firearm, destructive device or other dangerous weapon.

This term shall be modified to allow him, solely for the purpose of recreational hunting, to possess and use a weapon by way of a special bow and arrow device. Such devices are large, virtually impossible to conceal and fire a similarly specialized fiberglass and heavy arrow, which is attached from the end of the arrow to the bow for purposes of retrieving a fish taken with the device. Due to the weight of the arrow projectile and its attachment, by string to the bow, such devices have extremely short range.

WHEREFORE, upon information and belief, Mr. Nicoletti has complied with all terms of his bond and has no history of violence. He is not a danger to society nor he is a threat to public safety. The parties are in agreement that modifying the condition of bond set forth above and have stipulated to the entry of this order.
